

Webkins Secret Codes

The Webkinz phenomenon has become increasingly popular. With a huge variety of activities, there's something to do all day long. But another thing that many people spend a lot of time doing is try to find Webkinz secret codes. Some of these codes can get you free furniture, unlimited kinzcash, and even a free Webkinz.

Webkinz secret codes can be hard to find. Trial and error must be used to determine which code is valid, it is time-consuming, and the moderators will erase the codes when they catch on to this process. You can still find some secret codes that the moderators have not yet removed.

Navigate to the adoption center and key in the code 115yuihd, which will give you 10,000 kinzcash or in some cases, a free Webkinz. Of course, with a lot of people already using this Webkinz secret code it isn't going to be valid for much more time. Time is of the essence when using secret codes.

The best secret code to use is 48577ui6. This code will give you a Sherbert Bunny, Cheeky Dog, Love Puppy, or any other hard to find Webkinz. The hardest Webkinz secret code to use is the invisible Webkinz code. This code is difficult because it requires perfect timing, speed, and it is rumored that you only have one chance for it to work. Invisible Webkinz disappear after a short while.

In order to get invisible Webkinz, go into your Webkinz World account, immediately type in the Webkinz secret code - 117yur5h - in the adoption center, and then sign off from your account. Do not log into Webkinz World again until two hours later.

When you log back in your Webkinz will crash - which is a good sign that the Webkinz secret code worked. Log back in one more time after it crashes and you will be given a number of different invisible Webkinz, kinzcash, and numerous items that will help you to build up your world.

It can be hard to find Webkinz secret codes, may take a few days. You enter these codes randomly in the adoption center to find the correct one. In doing this, you risk having your Webkinz account suspended if the moderators catch you. Bear in mind that Webkinz World does not approve the use of secret codes to manipulate your kinzcash or special items.
